DETAILED ACTION

Response to Amendment

1. Applicant's amendment filed on May 10, 2006 has been entered. Claims 16, 21, 23 and 25-28 been amended. Claims 15, 18-20 and 29 cancelled. Claim 29 has been added. Claims 16, 17, 21-28, 30 and 31 are still pending in this application, with claims 30 and 31 being independent.

Allowable Subject Matter

2. Claims 16, 17, 21-28, 30 and 31 are allowed.

3. The following is an examiner's statement of reasons for allowance:

Applicant teaches an illumination device including a plurality of LED attached to a plurality of LED mounts, such mounts being located on a mounting base, and a cover enclosing the mounting base, the LED mounts and the LEDs. An insulator clip positions the LED between such clip and an outward face of the LED mounts, while a retaining clip releasably engages the insulator clip and the LED to the outward face of the LED mounts.

No prior art was found teaching individually, or suggesting in combination, all of the features of the applicants' invention, specifically a retaining clip releasably securing the insulator clip and the LED to the outward face of the LED mounts, in combination with the other recited structural limitations of the claimed pod illumination device.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
